CHRISTOPHER CAVALLI

HARDSTYLE · DUBSTEP · TRANCE

BIOGRAPHY

Hardstyle, dubstep & trance producer · France

Christopher Cavalli produces electronic music from his studio in France: hardstyle, dubstep, trance and everything in between. His singles (Destroy, Lurk, Funhouse, Emery, Kicker) are composed, mixed and mastered there.

In 2026 he opens ten worlds in ten albums, from the orchestral house of Where Silence Becomes Light to the drum & bass of Altitude, up to Psalmus, his new album: Latin psalms carried by melodic techno, hardstyle and dubstep. From supplication to triumph. All done in-house.

Same passion — higher frequencies.
